**A C G D**  
I was hoping maybe, You were thinking maybe  
**A C G D**  
We could find a way to Be together endlessly cause  
**A C G D**  
I found that in my Heart when we are  
**A C G D**  
Apart there's something missing Only you can fill.

**F C G D**  
I hunger for your touch.  
**F C G D**  
I couldn't know you'd mean so much  
**F C G D**  
I need to have you near,  
**F C G D**  
I want to hold you through the years.

**A C G D**  
I was hoping maybe, You were thinking maybe  
**A C G D**  
We could find a way to Be together endlessly cause  
**A C G D**  
I found that in my Heart when we are  
**A C G D**  
Apart there's something missing Only you can fill.

**F C G D**  
I remember our first kiss.  
**F C G D**  
I never dreamed I'd be blessed like this.  
**F C G D**  
I lay down every night  
**F C G D**  
I thank the Lord for you, my wife.
